Why Should I Have My Air Ducts Cleaned?

- Indoor air can often be two to five times more polluted than outdoor air. Having your air ducts cleaned helps to improve indoor air quality.
- Cleaning your air ducts and removing irritants that infiltrate your home can help subside common symptoms of asthma and allergies.
- Removing dirt that's built up in your system over the course of 5+ years will help you maintain a cleaner home. Clean ducts mean less dirt that circulates in your home and in your air.
- Dirt buildup and other contaminants in your vents can restrict airflow. This causes your unit to work less effectively and not properly blow out hot or cold air as you need it to.
- By having a clean HVAC system, your improved energy efficiency can also translate to lower utility bills and can help extend the life of your system by reducing wear and tear.

Helmets for Kids

25 YEARS, OVER 22,000 HELMETS GIVEN AWAY

When I started Helmets for Kids in 1999 I never imagined that I would still be giving helmets away 25 years later. In those 25 years I have fitted and given away, free of charge, over 22,000 helmets. Recently I have given helmets to the kids of parents I gave helmets to, years ago. That makes me feel old!! But it feels good!!

Being a Brain Injury Survivor, and 5 time cross country bicyclist, it feels good to have found "purpose" in being a Brain Injury Survivor. If my work has prevented one kid from going through what I've been through and will continue to go through every day of my life, it has been worth it.

As I rapidly approach retirement age, I have made the difficult decision to stop doing "Helmets for Kids" after this year. Since this will be my last year, I would like to give A LOT of helmets away. So I am setting my fundraiser goal for \$10,000. Any help would be greatly appreciated.

I am also looking for speaking opportunities. I speak in schools, daycares, civic clubs, hospitals, wherever people want to hear my story.

Please consider helping me to raise enough money to meet my goal of \$10,000.

Thank You
