FREE Air Duct Sanitizing

Call for a FREE Estimate

Why Should I Have My Air Ducts Cleaned?

- Indoor air can often be two to five times more polluted than outdoor air. Having your air ducts cleaned helps to improve indoor air quality.
- Cleaning your air ducts and removing irritants that infiltrate your home can help subside common symptoms of asthma and allergies.
- Removing dirt that's built up in your system over the course of 5+ years will help you maintain a cleaner home. Clean ducts mean less dirt that circulates in your home and in your air.
- Dirt buildup and other contaminants in your vents can restrict airflow. This causes your unit to work less effectively and not properly blow out hot or cold air as you need it to.
- By having a clean HVAC system, your improved energy efficiency can also translate to lower utility bills and can help extend the life of your system by reducing wear and tear.

Before you choose a Funeral Home, ask this question:

“WHO OWNS THE COMPANY?”

When you ask us, we'll tell you, "We do."
Because our funeral homes are **100% independently owned and operated.** We are confident your family will experience superior service and exceptional prices when compared to the surrounding corporate owned chain funeral homes.

This is a promise from our family to yours.

Respectfully,
Greg & Suzi Karvonen

Youth Environmental Education.

Helmets for Kids

25 YEARS, OVER 22,000 HELMETS GIVEN AWAY

When I started Helmets for Kids in 1999 I never imagined that I would still be giving helmets away 25 years later. In those 25 years I have fitted and given away, free of charge, over 22,000 helmets. Recently I have given helmets to the kids of parents I gave helmets to, years ago. That makes me feel old!! But it feels good!!

Being a Brain Injury Survivor, and 5 time cross country bicyclist, it feels good to have found "purpose" in being a Brain Injury Survivor. If my work has prevented one kid from going through what I've been through and will continue to go through every day of my life, it has been worth it.

As I rapidly approach retirement age, I have made the difficult decision to stop doing "Helmets for Kids" after this year. Since this will be my last year, I would like to give A LOT of helmets away. So I am setting my fundraiser goal for \$10,000. Any help would be greatly appreciated.

I am also looking for speaking opportunities. I speak in schools, daycares, civic clubs, hospitals, wherever people want to hear my story.

Please consider helping me to raise enough money to meet my goal of \$10,000.

Thank You,

Mike Heikes a.k.a. "Pedal Monster"

FELINES... we've got more than Felines!

By Kristi Lausch, for the Humane Society of Otter Tail County

In a world of uncertainty and change, one thing for the HSOTC has remained the same... *no one notified the cats that now would not be a good time to start a family!* Consequently, the shelter is at "MAX CATPACITY" and even having to turn surrendered animals away or look for alternative placements!

Why so many cats? Unfortunately, there remains a need for education to spay and neuter all cats in your care, especially if they are outdoor/barn cats. In just 16 months, one unaltered cat can produce 36 offspring. In four years, one unaltered female, her mate and their offspring will produce 2,107 unwanted kittens! It's a difficult cycle to break **unless humans intervene to control them.** If you notice a stray cat, look to see if it has a "clipped ear", which indicates it has been spayed and neutered. And if you find a litter of kittens, don't panic. Watch the kittens from afar for a few hours to see if mom returns. Kittens have a much greater chance to survive if remaining with their mother. If you are unsure whether or not to intervene, call the HSOTC at 218-739-3494. **The HSOTC also has a tremendous need for people willing to foster kitten families, so please inquire if you would like to learn more about our foster program.** Lastly, a larger inventory of cats/kittens means an increase in the need for high quality food and cat litter. *The shelter uses over 6,000 lbs of litter annually ... that's over 3 TONS!* **THANK YOU** for your donations and for the loyal volunteers who spend time socializing shelter animals. It's a good feeling to see that the HSOTC adoptable dogs and cats are some of the healthiest animals available and remember, all adoption fees include current vaccines, spay/neuter and a microchip! It's a shelter to be proud of.

The HSOTC would also like to acknowledge the tremendous leadership of Executive Director Chris Cannon and the extra efforts of shelter staff, volunteers and Board members the past few months. With a shelter full of dogs and cats needing care 24/7, there are increased operational costs and it takes a physical and emotional toll. The hard work for the shelter expansion also continues, with a present tally of \$1.7 million raised and many positive conversations being had. We are getting so close and we cannot express our thankfulness enough for your support, advocacy and trust! Please stop by the HSOTC booth at one of these upcoming CRUISE NIGHTS: **Wednesday, August 7th and Wednesday, September 4th, 5:00-8:30 in the former K-Mart parking lot, Fergus Falls.** And keep up with OTC Humane Society news by liking us on FACEBOOK or visiting our website at www.humanesocietyotc.org

Lori Kettner, has been fostering cats/kittens for the HSOTC for the past nine years and has a total of 73 feline families come through her home.

Beginning Experience

listen.accompany.heal
SESSIONS STARTING SOON!

Beginning Experience, a non-profit Christian Support Group for Divorced, Widowed or Separated people, begins a 10 Week Session

"COPING WITH LIFE ALONE"
Mon., Sept. 9, 2024 in Fergus Falls.

This group is not a dating club, we are here to help others that have suffered a loss. All facilitators are volunteers who have experienced a divorce, been widowed or are separated from their partner.

Call 218-560-1686 to sign up and for more information.
(If there's no answer leave your name and phone number and we will call you back).
